With **Large
LCD DISPLAY**

Non-Contact Infrared Digital Thermometer

- Non-contact Forehead Thermometer
- Safe & Hygienic
- Large LCD Digital Display Screen
- Fast And Easy Temperatures Readings
- Great Accurate Readings
- Fever Alarm

Specification:

Measurement Range	: 32°C ~ 42.9°C (90°F ~ 109°F)
Accuracy	: ± 0.2°C in the range of 35°C ~ 42°C
Measurement Distance	: 3cm ~ 5cm (works best at 3cm)
Measurement Time	: < 1 Second
Temperature Units	: °C and °F
Automatic Shutdown	: ≤20 Seconds
Supply Voltage	: DC3V (2 x AAA Basic Battery)
Product Size	: 160 x 100 x 40mm
Product Weight	: 100g (not including batteries)
Warranty	: 1 Year

Quick & Easy
Take Temperature in 0.5s

Accurate
Down to ±0.2°C

Fever Alarm
Auto Alarm ≥ 38°C

Anti Bacterial

Dust Proof

Prevent Lampblack

The Exhaust Gas

KN95 Mask

- Material : non-woven fabric + meltblown fabric
- Certificate : CE, FDA, KN95 Protective Mask Inspection
- Comply with national standard GB2626-2006 Kn95

Characteristics:

- Highly efficient filtration of harmful viruses, haze , dust and pollen protection.
- Folding style, light and handy, ear belt in purified cotton, sweat absorption and not tight.
- Soft inner lining for the reduction to skin's stimulation

- **Form Fitting:** The flexible nose guard is designed to provide a custom fit to ensure a soft and comfortable fit to reduce skin irritation while the stretchable braided ear bands ensure comfort over long periods of wear time.
- **Lightweight:** The vertical folding design and overall lightweight structure make this mask easy to store and carry.
- **Provides More Protection:** The KN95 is a disposable and breathable mask designed to offer more protection than standard disposable 3-Ply masks
- **4-Ply Non-woven:** 4-Layers of protection include a Non-Woven Inner Layer, Meltblown Filter, Hot Air Filter Cotton, and Non-Woven Outer Shell.

Anti Bacterial

Prevent Lampblack

The Exhaust Gas

KN95 Mask with Respirator

- Material : non-woven fabric + meltblown fabric
- Certificate : CE, FDA, KN95 Protective Mask Inspection
- Comply with national standard GB2626-2006 Kn95

Characteristics:

- Flat fold design for easy storage
- Up to 95% filtering efficiency
- Exhalation valve for quick dissipation of exhaled air
- Ear-loop design for faster donning and doffing

Features:

- Disposable, breathable, dustproof, hygienic and practical KN95 mask.
- The inner layer of activated carbon can filter harmful gases or odors, with a filtration rate of 95%, a 360-degree three-dimensional breathing space, and provides dust and antibacterial effects.
- Made of high-quality materials, safe, soft and comfortable, reducing skin irritation.

- Fabric headband without staples which are comfortable to wear in hot and humid conditions
- Nose foam for comfort with spectacles

- Elastic rubber bands that absorb sweat and do not fit.
- There is a hidden, anti-fog plastic nose inside the cartilage bridge, which can be adjusted to avoid voids and reduce the inhalation of harmful substances.
- Ultra-thin folded part, lightweight and easy to use.

Fully Sealed Isolation

Crystal Clear

Anti Fog

Adjustable Head Belt

Professional Goggle

- FDA certified
- Shatter-resistant PC lens
- Special treatment against fogging
- Lens with UV protection
- Classic style, unisex goggles
- Water-proof

- **Fully Sealed Isolation:** Multi-function protective goggles can effectively block saliva droplets, splashes and dust in 360 degrees, and can safely and effectively separate environment and viruses.
- **Crystal Clear & Anti Fog:** Made with a clear, anti-fog coating, UV protection coating, impact and scratch Resistant, giving you crystal clear vision all the time.
- **Comfortable and safe high quality material:** the lens adopts polycarbonate transparent lens, which is light and light, shock-resistant, not easy to break, with good transparency, effectively blocking ultraviolet rays and protecting eyes.
- **Ergonomic appearance design:** the soft frame fits with the face, and you can determine the tightness of the face mirror by adjusting the headband. At the same time can be worn with myopia glasses, optical glasses, sunglasses, etc.
- **Wide Application:** Hospital medical treatment; at supermarket; in public transportation; Rock climbing and cycling for outdoor activities.
- **Adjustable Head Belt:** The elastic band design to facilitate the fastening of the head circumference. It has wide space and it's suitable for various head circumferences.

Temperature Alarm

Built-in 5000mAh Li-ion Battery

Non Contact Thermal Scanner

High Temperature Limit Exceeding Alarm

The customized high temperature limit can be set to 37.3°C. For the temperature $\geq 37.3^{\circ}\text{C}$, indicator light and screen will indicate high temperature alarm, which can effectively and quickly screen individuals with abnormal temperature.

Real-time Image Transmission

Set the USB mode to USB Camera, connect the USB cable to the computer to mirror the upper computer software by real-time image transmission.

Specification:

Screen	: 2.8 inch TFT screen
Display Resolution	: 320x240
Infrared Resolution	: 19200 Pixels 160x120
Frame Rate	: <9Hz
Temperature Range	: $30^{\circ}\text{C} \sim 45^{\circ}\text{C}$
Measurement Res.	: 0.1°C
Accuracy	: $\pm 0.5^{\circ}\text{C}$
Measuring Distance	: 1meter
Visible light Resolution	: 640x480
Storage	: Micro SD card
Software	: PC analysis software
Data Communication	: Type-C USB
Battery	: 3.7V/5000mAh rechargeable Li-ion
Battery Life	: $\geq 6\text{hrs}$

High-Quality
Material

Textured
Fingertips

High Quality Multi Purpose Gloves

- **Family Daily Use** - Ideal for almost any application including basic lab work, hair coloring, tattooing, food preparation, painting, cleaning, pet care, home improvement, hobbies, arts, and crafts.
- **High-Quality Materials** - Nitrile provides better elasticity than vinyl, better puncture resistance than vinyl, better abrasion resistance than chloroprene, and reduces the likelihood of an allergic reaction. It means the glove helps protect the hand from contact with rough surfaces, protects the hand from sharp instruments, protects the hand from objects such as needles, protects the hand from certain chemicals, and varies by glove material.
- **Textured Fingertips** - The entire glove is finely textured (including palms and fingers) to provide maximum gripping power for wet and dry objects. It provides a consistent grip on glass wear, small objects, instruments, and tools.
- **Easy to Wear and Remove** - Rolled cuff for easy opening, quick donning and fast removal. A convenient dispense pack keeps gloves clean and organized while providing easy access. They are ambidextrous and super soft for comfort.
- **Available In Various Size** - These powder-free tattoo gloves come in sizes Small, Medium, Large so that you can find your perfect fit. Furthermore, we offer them in boxes of 200 to fully cover your needs.

Feature:

- Super Durable Nitrile Material
- Latex-Free & Powder-Free
- Ambidextrous
- Beaded Cuff
- Micro-Textured Fingertips for Extra Grip Control
- Thermally Activated
- Disposable, Single-Use Only
- Smooth Finish
- Multipurpose

Anti-Virus

With UV Light

Multi-Functional UV Sterilizer Box

The product surface is irradiated by a double ultraviolet tube for sterilization; Effectively kills all kinds of bacteria on the phone's surface. This product also has the function of incense. Can make besterilized products have a fresh scent.

Feature:

- **Anti-virus quickly:** It can quickly and completely kill all kinds of bacteria and viruses attached to the mobile phone within 6 minutes.
- **Anti-virus thorough:** Can quickly kill the mobile phone attached to more than 99.9% of a variety of bacteria and viruses.
- **Wide range of antivirus:** This product uses ways of disinfection: ultraviolet light , can quickly kill a variety of microorganisms
- **Strong versatility:** This product is suitable for a variety of types and sizes of Mobile Phones, Keys, but also for MP3/MP4/MP5, Bluetooth Headsets, Earplugs and other devices as well as Gold and Silver Jewelry.
- **Easy to use:** The product is small and light, which is very suitable for portable use in family, office and traveling.
- **Strong security:** Supply with 5V voltage to improve product's safety.
- **Car available:** With a 5V power USB output car charger connector, you can achieve in the car disinfection.

Specification:

- Fit devices: Up to 6.5 inch mobile phone
- Rated voltage: DC5V
- Input current: 1-2A
- Max working power: 9w
- Product weight: 0.6kg
- Inside size: 18x10x3cm
- Outside size: 22.7*12.5*5.0cm
- Diffuser power: 1W
- UV wavelength: 253.7nm
- Material: ABS
- UV light power: 2*1W

Non-woven
Medical Fabrics

Dust Proof

PPE KIT

PPE KIT Containing

Medical Disposable
Protective Clothing

KN95 Mask

Goggle

Gloves

Medical Disposable Protective Clothing

Strong waterproof disposable gown, effective protection against particles and liquid splash

Specification of Medical Disposable Protective Clothing:

- Disposable Isolation Clothing
- Material: Medical non-woven fabrics
- Size: S/M/L/XL/XXL/XXXL
- Color: White/Blue
- Application: Work Protection, Hospital, Clinic etc

Feature:

- Adopts breathable material, more comfortable to wear
- Wear-resistant, dust-proof, anti-static
- Protective equipment used by medical personnel to prevent contamination by blood, body fluids, and other infectious substances during contact, or to protect patients from infection.
- Isolation gowns are two-way isolations that prevent medical personal from being infected or contaminated and prevent patients from being infected.
